Dr. *J. C.* MURRAY'S

OZONIZED SNUFF.

A Short Account of a Remarkable Snuff.

THE WISDOM OF SNUFF TAKING.

That Snuff-taking is a pleasant and stimulating practice is known by many people. What is perhaps not so widely appreciated is that it is far more than this. It should, in fact, be universally recognised as a **regular daily habit of health.**

The care of the nose and the throat should be just as much thought of as the care of the teeth and the nails. Snuff has been proved by countless users for three-and-a-half centuries to be of great efficacy in clearing the passages of the nose and throat and keeping them free from all such troublesome infections as Hay Fever, Catarrh, etc.; while as regards the "common cold" the correspondence as to the protective virtues of Snuff which appeared in *The Times* of December 8th and 13th, 1934, is typical of the experience of many thousands of people to-day. The eminent medical authority whose letter was published on the 8th December recalled that he had written to *The Times* four years ago, stating that in his opinion a good pinch of Snuff once a day, and certainly after exposure in any large meeting, was an excellent means of preventing a cold in the head. He had since

received many letters of confirmation and had lately heard that Snuff was widely used in South Africa, its devotees being convinced that they owed their immunity from cold-catching to the habit of Snuff-taking. On the 13th December, 1934, came a letter from a correspondent of *The Times* stating that he had read the distinguished doctor's earlier letter and had immediately acted on his advice. The result was that for the last four years he had been entirely free from head and throat colds and similar troubles.

DR. J. C. MURRAY'S OZONIZED SNUFF.

The origin of *this* amazing Snuff is due to a prominent North Country Physician, John C. Murray, M.D. Dr. Murray knew that good tobacco Snuff, even when taken in its usual form, gave some protection against infection. (In this connection he was able to place before the British Medical Association, in 1870, a host of arresting facts revealed by his scientific enquiries).

Dr. Murray devoted a great deal of patient and deliberate research and a long series of careful experiments to the production of a brand of Snuff which should be a refinement on all ordinary Snuffs, not only giving a high degree of pleasure to the user, but also having greater prophylactic value. Finally, he devised a special treatment of the finely ground and sieved tobacco leaf, which resulted in the production of the remarkable Snuff which now bears his name.

Dr. Murray's Ozonized Snuff has unquestionably given relief to thousands of sufferers from Hay Fever, Catarrh, Asthma, Bronchitis, Influenza, etc., and has been proved over and over again to have prevented such complaints becoming firmly rooted.

A great number of our customers have used no other snuff for the last 50 years. Over and above the splendid hygienic conditions under which Dr. Murray's Ozonized Snuff is manufactured, the high standard of quality of the materials used soon appeals to the habitual snuff-taker who after giving it a trial rarely if ever departs from it.

As regards its pleasure-giving properties, it has often been remarked that a pinch of "Dr. Murray's" induces an amazingly pleasant feeling of exhilaration, an effect similar to that of inhaling a breath of sea-air.

What PUBLIC OPINION is saying about this Pure Tobacco Snuff.

The following are extracts selected from the most recent of thousands of entirely unsolicited letters which we have received.

From H. P., Chadwell Heath, Essex.

"I do, and can thoroughly recommend this Snuff to all sufferers from Catarrh "and other like ailments. I only started it about last July or August and have "found great relief, in fact I can hardly realize I am through the month of "November without my usual attacks of Asthma and Bronchitis. This I "attribute to the constant use of this Snuff."

From Mr. M. R., Wath-on-Dearne.

"I am pleased I saw your advertisement for I have derived great benefit from "the trial tin. I am a sufferer from Asthma and Nasal Catarrh and also Hay "Fever. I have given your Snuff a good trial and it is a long time since I felt "as well as I do now, for Asthma causes strangling tightness on the chest . . . but "thanks to Dr. Murray's—it has been a Godsend benefit to me . . . I have a "street to walk up with a rising gradient of 1 in 12, but after using Dr. Murray's "Ozonized Snuff I can run up it without feeling any ill effects."

From A. D., Teignmouth.

"I have used your Snuff with great beneficial effect for a number of years "and have spread the good news to all my acquaintances . . . I do believe your "Snuff saves quite a lot of doctor's bills—in fact I preach the efficacy of your "wonderful Snuff wherever I go."

From R. E. T., Romford, Essex.

"I have tried the sample of Snuff and find it all that you claim. Being not "a habitual taker, I did for purpose of comparison try a number of ordinary "varieties, all of which I found literally 'streets behind.' This surely must "be invaluable to anyone easily prone to colds. The slightest trace of "'stuffiness' disappears almost immediately and a more pleasant way of "dealing with these common occurences would be hard to imagine."

From Mrs. E. A., Newcastle-on-Tyne.

". . . I had suffered from Hay Fever for 3 months and tried almost everything, "I got no relief and was going to my doctors when I read about Dr. Murray's "Snuff. I decided to try a sample tin . . . Really, the result was most amazing; "before I'd used half the trial tin I found relief. Needless to say I bought some "from ——, of ——, and am cured—even after a holiday in the country where I "was almost afraid to go on account of this Hay Fever. . . . Dr. Murray's "Ozonized Snuff cannot be too highly recommended. I've told several of my "friends about it. I shall always sing its praises."

From A.W. I., Oulton, Nr. Leeds.

"I have given Dr. J. C. Murray's Ozonized Snuff a trial and it is the only "remedy I have taken which has cured me. I have been a victim of Hay Fever "for twelve years and I have tried a hundred and one different kinds of treatment "since I first started with the disease, but thanks to Dr. Murray's, I am now cured. "I have recommended your Snuff to a good many of my friends and believe me I "shall never be without a supply of it . . . thanking the day I saw your adver-"tisement . . ."

From E. J. G., Acton, W.3.

"The previous tin has completely conquered a prolonged and troublesome "attack of Hay Fever and has rendered me almost immune I think from the "common cold. I shall always be pleased to recommend it and continue to "use it myself."

From M. R., Wath-on-Dearne.

"I derived great benefit from Dr. Murray's Snuff. I am able to hear our "kitchen clock strike the hours since using it—something I've not been able to "do for more than a year or more. It has also kept my throat in a healthy "condition."

From Mrs. J. F., London, S.E.15.

" . . . I have already found great benefit from using Dr. Murray's Snuff. "Every year I suffer from Hay Fever and have never before got such relief, "although I have tried every so-called cure."

From E. G., Hartlepool.

"I have been going to write for some time in praise of your wonderful Snuff. "I have suffered terribly with Hay Fever for several years, but since taking "your Snuff it has been much more mild as the seasons have come ..... I have "recommended it to all and sundry who get cold in the head."

From E. A. F., Froghall, Stoke-on-Trent.

" . . . I am pleased to say that I have certainly received much benefit from "your Snuff, several of my friends also appreciate it."

From A. W. S., Ryde, I. of Wight.

" I must say I am very pleased at the great relief and benefit obtained since "using the Snuff, in fact my general health has greatly improved."

From A. E. H., Hinstock, Shrops.

" . . . we have had to buy another tin as we really found it such a good thing "for a cold and to clear ones head that we were free with our sample tin amongst "friends to try and all asked what Snuff it was I am glad to say that it has not "that burning of the inside of the nostril that others have that I have tried. ". . . I shall certainly recommend wherever I can . . . Again I express "complete satisfaction in your Snuff and shall certainly keep it by me always."

From W. T., Church Gresley, Nr. Burton.

" . . . your Snuff is excellent and I have recommended it to a large number of "my friends. I find it very useful at my work as there is a large quantity of dust. "It not only clears the head, but it leaves you with a healthy feeling."

From E. M., Stockton-on-Tees.

" . . . I have used your Ozonized Snuff for Hay Fever and find it has relieved "me entirely. I used to have it very often but now I am not troubled at all."

From F. S., Ryhope Village, Sunderland.

"I am very thankful to be able to say that Dr. Murray's Snuff proved to me the "genuineness of its power in relieving Hay Fever or summer colds, etc. . . "I am satisfied that Dr. Murray's Ozonized Snuff is a sure and a pleasant way to "get rid of a cold or catarrh."

From J. W., Worksop, Notts.

" . . . The benefit derived from just the sample was remarkable. I have "always been susceptible to Hay Fever and continuous Catarrh, but the use of "Dr. Murray's Snuff has lessened the attack to practically nil. At the same "time it is a wonderful cure for headaches."

From E. T., Rhymney, Mon.

"I am pleased to state that I find Dr. Murray's very beneficial and I have "recommended it to several persons who I know are suffering from Asthma, "Hay Fever, &c."

From A. D., Ebbw Vale, Mon.

" . . . In this hilly district where I live, colds are very prevalent owing to " the moist atmosphere and the sudden changes of weather. However, I find " that by taking a pinch of Dr. Murray's my head clears almost immediately " and it soon shifts the cold. Personally, I have never had anything which has " cured a cold so quickly and, moreover, it is not a habit forming Snuff."

From W. S. B., Erdington, Birmingham.

" I am obliged for sample of your Ozonized Snuff which I sent for. Only one " day's trial relieved me of my head noises and giddiness which I put down to " Catarrh. . . . I am fully convinced that your Snuff is the finest yet and have " recommended it to two of my friends. Both are thankful and give it their " praise. One it has cured of continual headaches, the other suffering from " head Catarrh has derived great benefit and, as I say, I cannot speak too highly " of it. There is one other thing that I was troubled with and that was continued " sneezing in the early morning. This has been completely cured and I am " absolutely free from that."

From A. J. B., West Ealing, W.13.

" I have pleasure in informing you that Dr. Murray's Ozonized Snuff justifies " all that you claim for it and is certainly a most useful commodity."

From Mrs. K., Edenthorpe, Nr. Doncaster.

" I must say Dr. Murray's Snuff is very good indeed. My husband has taken " about 10 small pinches and his Hay Fever has disappeared. My Catarrh is " relieved . . . I shall certainly have some of your Snuff always in the house as " it is a great relief."

From J. R. S., Stockton-on-Tees.

" . . . after trying your sample of Dr. Murray's Ozonized Snuff, myself and " family find it very good in the relief of Catarrhal colds. . . . This district is " rather prone to Catarrhal complaints so we have proved the worth of Dr. " Murray's Snuff for which we are very grateful."

From J. H., Marley Hill, Newcastle-on-Tyne.

" I have had Hay Fever now for four years in succession and this time nothing " would cure it and I have tried a few things. I went to the doctor and he said " there was really nothing he could give me for it. I saw Dr. Murray's adver- " tised and sent for a sample, and within seven days Hay Fever had completely " gone. You may be sure that I am a regular user of Dr. Murray's Ozonized " Snuff from now onwards."

From F. O. R., Conway, North Wales.

" Dr. J. C. Murray's Ozonized Snuff has given genuine relief to the Catarrh " which has troubled me for some time past."

From B. H., Cwm Avon, Port Talbot.

" . . . the use of your Ozonized Snuff has been of the greatest help in getting " relief from Nasal Catarrh. I have tried several ways of getting relief, but the " use of your Snuff is sure to bring relief."

From W. H. H., Sheffield.

" . . . I may say the Snuff you kindly sent has done me good in relieving " nasal Catarrah."

From F. C. W., Kentish Town, N.W.5.

" . . . Regarding your Snuff, I have had great satisfaction and am pleased to " tell you that I have had great relief since using it. I can breathe more freely " so likewise get more sleep and that is a great thing to be thankful for."

From Mrs. E. H., Hanley, Staffs.

"We find your Snuff an excellent remedy for Catarrh, headaches and colds "in the head."

From Mrs. M. B., Walton, Liverpool, 4.

". . . I would like to say that my husband has found your Ozonized Snuff "very efficient in relieving the Nasal Catarrh from which he has suffered for "years."

From I. A. T., West Deeping, Peterborough.

"Dr. Murray's Snuff certainly gave me great relief ; in fact I have not had a "return of constant sneezing since. I know it is Hay Fever, it comes to me "every year. Glad to have found a remedy. I shall always recommend anyone "I know to you."

From R. D., Newland, Hull.

"I have pleasure in saying that your Snuff is keeping those severe attacks of "Hay Fever at bay."

From S. D. Y., Clare, Suffolk.

"Your Snuff is certainly good for clearing the stuffiness from the nose and makes "breathing easier."

From R. P. B., Crouch End, N.8.

"I have found Dr. Murray's Ozonized Snuff very beneficial for the relief of "Hay Fever. I have tried many other preparations for the relief of this annoying "ailment and can honestly say that none have been so efficient as Dr. Murray's "Snuff. I shall recommend it to anyone who suffers from Hay Fever."

From Mrs. C. M. R., London, W.2.

". . . I am awfully pleased with the results of Dr. Murray's. It has relieved "my trouble tremendously, Hay Fever and Catarrh.

From J. W. S., Gorleston-on-Sea.

"I have used Dr. Murray's Snuff for years and consider it the best on the "market."

From G. R., York.

"I have found Dr. J. C. Murray's Ozonized Snuff useful in checking the sneezing "preliminary of Hay Fever and avoiding development."

From C. S., Flint.

"I wish to say that your Snuff removed the Catarrh from my head in less than "three days and I have recommended it to several friends."

From J. C., Bargoed, Glam.

"I am pleased to say I have received great benefit from the use of Dr. Murray's "Snuff . . . I mean to keep on with it and my opinion is it is a great boon to "sufferers of Bronchitis and Catarrh."

From W. W., Brislington, Nr. Bristol.

"I wish to say that I have derived considerable benefit from taking your "Ozonized Snuff which has relieved my Nasal Catarrh already."

From Mrs. W. V., Harpenden, Herts.

"I can say with pleasure the good Dr. Murray's Snuff has done me and shall "keep a tin in my home."

From P. H., Ashton-on-Mersey.

" . . . both my wife and self have found the Snuff of great service : in my " wife's case for Hay Fever and in my own for Catarrh. . . I shall certainly " continue to use the Snuff and also recommend it to my friends."

From W. G. F., Church Gresley, Nr. Burton-on-Trent.

" I am very pleased to say that I have received great benefit from Dr. Murray's " Ozonized Snuff for Catarrh. It clears the head, all stuffiness disappears, and "improves the breathing. It is certainly wonderful Snuff."

From F. M. G., Stockton-on-Tees.

" I would like you to know that I have obtained great relief from using only, " as yet, the sample tin. I have suffered from Catarrh for 3 or 4 years and, " although I have had numerous treatments, found none as beneficial as your " Snuff."

From W. E., Grantham, Lincs.

" . . . since I have tried and tested Dr. Murray's Snuff I have found it very " satisfactory, in fact I shall never be without it."

From W. F., Leicester.

" If I may say that I have obtained great relief from taking your Ozonized " Snuff . . . that would be writing mildly. It has been a boon."

From Mrs. H. B., New Costessey, Norwich.

" . . . I am pleased to say that your Ozonized Snuff has done my Catarrh a lot " of good and I have had it a good many years. All the things I have tried never " gave me the relief that your Snuff did. I shall recommend it wherever I go " and I shall always keep it in the house."

From G. W. S., Sidcup, Kent.

" . . . I am pleased to report that the Snuff has been very efficacious, as my " wife—wh suffers from Bronchitis—was very congested at night time, but on " taking a pinch of the Snuff on going to bed found her chest and throat quite " cleared of any accumulation of phlegm and was not disturbed at all during the " night, and in the morning found herself very much freer than has been her " wont. She now makes a regular practice of taking it every night on retiring, " so I can quite confidently and conscientiously state that the goods do not " belie the advertisement. I shall recommend it to all and sundry, as I can " speak and vouch for its use and genuiness from personal experience."

From Miss D., Grange-over-Sands, Lancs.

" I shall be very much obliged if you will send me two ounces of your Dr. " Murray's marvellous Snuff. After spending pounds, I have never had better " relief in so short a time."

From Mrs. D., Warrington.

" Dr. Murray's Snuff is splendid. I have found great relief from my attack of " Asthma."

From A. F., East Ham, E.6.

" Dr. Murray's Snuff has done me more good than anything I have tried for " Catarrh and colds in my head. My sister . . . wishes me to tell you how much " good it has done her. . . Once more I will say my sister and I are very thankful " that we know about it ; we could not get on with the ordinary Snuff, although " we tried it."

From Mrs. R., Leeds, 11.

" . . . Dr. Murray's Snuff is very good. I have suffered from Catarrh for a " good many years and I find it has made a great improvement. I shall recommend " it to all my friends and shall continue to use it."

From Miss S. S., Port Glasgow.

"I must thank you for your kindness. Dr. J. C. Murray's Snuff has worked "wonders for me. I can hear better now and will continue using the Snuff."

From W. B., Hetton Downs.

"I thank you for the sample of Dr. J. C. Murray's Ozonized Snuff. . I am "very pleased to say that since using it, all symptoms of Hay Fever from which "I have suffered for a considerable time, have disappeared. I will certainly "recommend it to any sufferers of that complaint."

From Miss S. E. N., Titchfield, Nr. Fareham, Hants.

"I have used Dr. Murray's Ozonized Snuff for some years and find nothing to "equal it for Hay Fever, etc."

From J. C. G., Kensington, W.8.

"Thanks for sample of Dr. J. C. Murray's Ozonized Snuff. I find it useful in "easing my nasal Catarrh from which I have suffered for many years and my "wife derives benefit from it as it eases her head noises from which she suffers."

From W. S., Swadlincote, Nr. Burton-on-Trent.

"I have found your Snuff most beneficial in my case of Hay Fever and shall "do my best to recommend it to any sufferer."

From J. C., Chelsea, S.W.3.

"It is certainly the best thing I have tried, as I suffer from colds and Bronchitis. "I started to take it as soon as it arrived and to my surprise it stopped my "snoring the first night and that is something after years of it. . . I may say "everyone I have offered it to has been pleased with it."

From E. B., Treforest, Glam.

"I do wish to say that I have derived great benefit from your Snuff. I have "tried so many different things that it is quite a relief to have at last found "something to relieve me."

From H. A., Abercwmboi, Aberdare, Glam.

"I have suffered with Catarrhal Deafness for a number of years and I have "tried every cure advertised in the press but found none of any good. At the "first pinch of your Snuff I could breathe easier. After about four or five pinches "my hearing became clearer and now I can hear almost as well as any one."

From T. D. B., Coppice Coseley, Nr. Bilston, Staffs.

"I have just finished a supply of another brand of Snuff but find Dr. J. C. "Murray's far the best."

From Mrs. B., Mapledurham, Nr. Reading.

"I am writing to say your free sample of Snuff is the very best remedy for "Catarrh I have ever tried ; it gave almost instant relief in clearing the throat "and head."

From K. B., Uxbridge, Middlesex.

". . . it is a very good cure for bad colds, Influenza and Catarrh and I will "always have it in my possession. I have already recommended it to my friends."

From R. D. E., Blaenau Festiniog, Merioneth.

"I am pleased to inform you that I derived instant relief by taking the sample "of your Snuff. It cleared my nostrils and my head thoroughly, and I feel much "better in every way."

From Mrs. J. F., London, S.E.15.

"I have tested and proved the virtue of Dr. J. C. Murray's Ozonized Snuff " in relieving my Hay Fever and Catarrh. I have suffered from this distressing " complaint for some years and I can truthfully say I have never before got such " relief from any of the many remedies I have tried."

From T. J. P., Swansea.

"Thanks for sample of Dr. Murray's Snuff which I must say is excellent. " Being a sufferer from Catarrhal Asthma this last 20 years I find it a great relief " in the morning for clearing the nasal passages and therefore allows me to " breathe more freely."

From W. G. B., Margate, Kent.

". . . I am out in all weathers, year in and year out. . . In the first two " months of 1933 there was a bad epidemic of Influenza here, also some cases of " Fever and Measles. Nearly every house I had to call at someone was ill. The " weather was also bad at that time and I began to get quite alarmed what with " illness about and general depression. However, I turned out my Snuff-box, " had this filled with Dr. Murray's Ozonized Snuff, took a hearty pinch before " entering any house where I knew of, or suspected illness, and another one " when I came out. . . The result was I never had so much as a cold."

From J. H., Glossop.

"I have been a Snuff taker for 7 years. I have tried practically every kind " to relieve Catarrh, but not until last week was I genuinely successful and I " must say the thanks is to your Dr. J. C. Murray's Ozonized Snuff."

From L. C. B., Franche, Kidderminster.

"I can say quite sincerely that I am highly pleased with Dr. Murray's Ozonized " Snuff. It has given me wonderful relief. I have always had Hay Fever very badly " and have tried numerous remedies and so-called ' cures ' with not the slightest " success. . . I have tried your Snuff for one day and my Hay Fever had vanished. " . . .I must also say how good it is for early morning sneezing attacks, giving " instant relief."

From G. H. G., St. Albans, Herts.

"I have now been taking your Snuff regularly for two months and these are " the best two months I have had for four years. I have had Asthma for 25 years " and previous to using your Snuff I had to use a special atomiser several times a " day to be able to breathe at all well. For the past two months I have not " used an atomiser and actually have packed it away—I hope for good."

From Mr. W. W., Withington, Manchester.

". . . My wife and self were subject to yearly attacks of Bronchitis until 8 " or 9 years ago when we started to take your Snuff. I am pleased to say since " then we have been absolutely free from it. We have used it continuously."

We are grateful to those who have so kindly sent us their opinions as it is a great pleasure to us to receive them ; nevertheless we wish it to be understood that no consideration is made by us to any persons who submit testimonials.

DR. *J. C.* MURRAY'S OZONIZED SNUFF

is obtainable in Three Strengths.

No. 1, FULL. (Red Label).	No. 2, MILD. (Yellow Label).	No. 3, MEDIUM. (Green Label).

Our many years experience proves that individual cases and tastes differ to such an extent that it would be impossible to put on the market a mixture of the Full and Mild which would give universal satisfaction, as some persons require Full with a little Mild ; others equal proportions ; and again others mostly Mild with a little Full, &c., &c.

No. 1 Full is of a heavy nature and does not penetrate so quickly ; on the other hand No. 2 Mild penetrates to the back of the throat almost immediately, therefore it is advisable that the consumer should mix the two kinds in such proportion as to meet his or her requirements.

At the request of numerous customers we have introduced a mixture of the Mild and Full, known as No. 3 ; it consists of ¼ Mild and ¾ Full and is, in our opinion, a good mixture to commence with.

TELFER & SONS, Ltd.,

33, CLAYTON STREET EAST, NEWCASTLE-ON-TYNE 1.

Awarded the only GOLD MEDAL, also Diploma of Honourable Mention, for General Excellence of Manufacture and Quality of Material, Newcastle Exhibition, 1887 ; also GOLD MEDAL, Trades Exhibition, 1893.

If, after perusal, the readers of this pamphlet will kindly hand it on to anyone whom they think it may interest, they will be conferring a favour upon the proprietors.

A WARNING

and a request!

THE PROPRIETORS of the well-known Dr. J. C. MURRAY'S Ozonized Snuff a few years ago made application in the Chancery Division of the High Court of Justice for an injunction to restrain a firm of Tobacco and Snuff Manufacturers from selling snuff labelled and got up in a manner so similar to or clearly resembling TELFER & SONS, LTD.'s labels as to mislead or deceive the public.

On the hearing of the application the said firm gave a perpetual undertaking not to use in connection with the sale of snuff the label complained of, or any other label colourably resembling the labels of TELFER & SONS, LTD. The Court further ordered the said firm to pay the taxed costs of the action.

The proprietors request members of the public, in their own interests, to give information where they suspect an infringement of the well-known labels used in the sale of this snuff.

THERE IS ONLY ONE

Dr. J.C. MURRAY'S
OZONIZED
• SNUFF •
IN 1/- AND 3D TINS

Which is made from the formula of an eminent English physician who spent years of research in connection with it.
